Iona Passion Play	<p>4 tickets</p> <p><u>Description of the Play</u> The Iona Passion Play is a two and a quarter hour presentation in traditional European form.</p> <p>The script was first written in 1958. Since then it has undergone approximately twelve revisions including a TV script and one for schools.</p> <p>Originally the script was written for an outdoor performance and traditionally there is no intermission.</p> <p>The clever design of the script allows for the cast to swell in numbers by inviting members of the local community to become Roman soldiers, Sanhedrin or crowd.</p> <p>The props used and costumes worn by the performers have been researched and are, where possible, historically correct.</p>	\$98
