The Town Hall Plaza

The Kingaroy Town Hall Plaza will foremost be a gathering space. It will offer a variety of opportunities for the local community; places to sit in the shade, space to run and play, aquativity, and a space for tourists to embrace. It will be a common ground to bring all aspects of the community and visitors together, while linking the Kingaroy city centre to it's town hall.

The Kingaroy Town Hall Plaza will be a place for Events, a space to encourage commerce and tourism, but it will also be a space for everyday use. To make this place accessible for all, we've identified elements that we think are important to help inform and direct the design of the space.

From the graphic below, please select and list from 1. to 6. (1. being the highest) what you consider to be the most important and least important elements of what you would like to see included in the design of the new plaza space:
