

43% of businesses affected by disasters never reopen

Another 29% fail within two years

Don't let disruptions to your business make you another statistic

When business stops, who will you rely on?

Be better prepared + better connected with Volunteering Qld's Business Roundtable EXTEND.

A major interruption can seriously affect your business, from power or systems failing to a devastating fire or flood. Half of all small to medium-sized businesses have no continuity plan

Hosted by South Burnett Regional Council, Business Roundtable EXTEND invites local businesses and organisations to prepare, prevent, respond and recover from major disruptions in your business.

What Business Roundtable EXTEND offers:

- Connect and collaborate with other local businesses
- Access business continuity and resilience resources
- Develop business to business support in times of need
- Learn how to better manage business risks

Better prepared + better connected
